

Everything we buy has an environmental impact.

Stop wasting things and start all-consuming. Take part in our

“Go Green” project this year. Change your behaviour,

reuse everyday items to create an installation, a “Go Green” postcard,

a toy, a decoration for your classroom or room, or an outdoor piece of art
for our schoolyard.

Best works will be rewarded. The project is open to individuals and groups.

Project deadline: 22 April 2014.
